Linnaeus University decided to attend the 9th CHEET

The 9th China Higher Education Exhibition Tour is on a progressing way. Linnaeus university in Sweden decided to attend the 9th exhibition tour on Dec.14, 2012. There are also many universities in Egypt, Britain, North European, and East European have shown their interests in our education exhibition and on the process of discussion.

Linnaeus University is situated in the cities of Kalmar and Växjö, in southern Sweden.

Teaching and research is conducted at both sites. Linnaeus University is one of the larger universities in Sweden with 35,000 students and 2,000 employees. The concept of close connections is a guiding principle in our work.

At Linnaeus University there is an active student life, with close relations between students, researchers and other members of staff. Linnaeus University pursues teaching and research in Kalmar and Växjö. Kalmar, with its close proximity to the coast and the Baltic Sea, is noted for its prominent research in the natural sciences. In Växjö, the humanities and social sciences are strong research areas, as well as research connected with the forestry and the wood industry. For international students, Linnaeus University is a comprehensive university, offering over 300 courses and programmes in a wide range of disciplines.
